UBUNYE started as a mad, impossible idea many months ago but in workshopping this production, our talented cast and band have poured their hearts into a performance that, not only entertains, but also serves as a poignant reminder of the values that bind us together as South Africans. It speaks to our unique flavour, our resilience, and how we love life.

UBUNYE is a spectacular celebration of the diversity and togetherness that exists in South Africa. This is not just a show, it is a symphony of cultures, a tapestry of stories, and a testament to the power of unity. **UBUNYE** will pull at your heart strings, at times give you a lump in your throat, make you laugh, and hopefully make you want to jump up and join the dancing.

Enjoy the show!
